The Mystery of the Law of Attraction

There is an amazing force called the Law of Attraction

The Law of Attraction has been counter-fitted by the New Age

- The New Age will tell you how to draw positive energy to yourself by sending out positive energy yourself
- If they had looked at the Bible, they would see how this law really works

You see it in the teachings of Jesus and the Law of Moses—God built it into the very fabric of creation

- When you allow yourself to decrease, God will allow you to increase
- A negative charge will attract a positive charge

But all of this has been counter-fitted by those who don't know God nor understand why this law works the way it does

The Law of Attraction is not about how the Universe gives or takes away; it is about the Kingdom of God has been set-up to operate.

It is a system that existed before sin ever entered the heart of a man

- A system where the way to be exalted is to be humble
- A way to be truly alive is to die to self
- The way to receive is to give
- What holds it together is a gravitational field called faith in God
- It cannot be controlled or manipulated
- It can only be understood by understanding the God who created it

What is the Law of Attraction?

- Look at an atom.
- A negative charge will always attract a positive charge
- Electronic bond
- A negative charge attracts positive charges
- Whenever you give out, you create a negative charge which attracts a positive charge from the Kingdom of God

This law applies to you—it allows us to attract Heaven's blessings

- We don't want to manipulate it for that purpose though

How the Bible describes the Law of Attraction

What do magnates and the Law of Attraction have in common?

- They both have unseen forces that work to attract other things to them
- The greatest benefit of a negative charge in the Kingdom of God is that it is never a one to one exchange

Negative charges in the spiritual realm:

- Giving
    - This creates a negative charge in the spiritual atmosphere
    - In return, the negative charge attracts a positive charge or a positive response from God such as a blessing
    - That's how the sub-atomic world works; that's how the Kingdom of Heaven works
    - It's not how the world works
- Fasting
    - It increases your spirit and starves the soul
    - If you go around telling everyone you are fasting, you will lose that negative charge
    - You then will receive a positive charge from the people
    - You take this charge that comes from man, instead of the Kingdom charge
    - Then you are back to zero

God wants to bring you into a deeper spiritual plane

- Prayer helps achieve that by creating a negative charge
    - But if you're only asking to get for yourself, you are not creating a negative charge
    - How can a prayer become a prayer of giving and not asking?
    - Job praying for his friends is a good example (Job 42:10)
- Reading the Bible
    - You're giving your time to God
    - God's response can be immediate because He is giving you insights and revelation
    - It will always bring a blessing
    - All revelation from God should bring glory to God

The Law of Attraction also works with the mystery of justice

- When the enemy steals from you it creates a negative charge, which brings a blessing from God
- That Kingdom charge is called Justice

The Law of Attraction can look similar to the Law of Sowing and Reaping

The Law of Attraction through the lens of Jesus and the Sermon on the Mount (Mathew 5)

- Blessed are the poor in spirit, for theirs is the Kingdom of Heaven
    - Humility is the negative charge that attracts the positive charge—the Kingdom of Heaven
- Blessed are those who mourn, for they shall be comforted, for they shall be comforted
- The meek (self-control); negative charge)—shall inherit the earth
- Those who hunger and thirst for righteousness—shall be satisfied
- The merciful—shall receive mercy

The Law of Attraction attracts who we attract to us

- We will attract people who are like us
- Your thoughts will attract people to you who think like you do
- We may be drawn to someone and not know why
- People in bad relationships continue to be in bad relationships because they never learn to change their thoughts and behaviors
- Over time the frequency of these thoughts begin to harmonize with other similar frequencies whether good or bad

The point to all of this:

- When you live your life according to the soul, you will attract others who live by the soul
- When you live by your spirit, you attract the blessings of Heaven and also people who can help you achieve the purpose to which you created for
- You can help them reach the purpose for which they were created as well

In blessing, you are blessed; in helping, you are helped; in giving, you receive

God is not waiting up in Heaven waiting to curse you

- The presence of sin in the world prevents God from turning a blind eye
- He won't intervene in the choices we make
- What you focus on, you make room for

Focus on whatever's true, honorable, just, pure, and lovely, whatever's commendable. If there's anything excellent, or worthy of praise, think about these things.

The moment you focus on these things, the atmosphere will change

How do we do all these things?

Be a river that flows out from the throne of God that gives life to others

Jesus said the Holy Spirit is a river that flows out from you

This is God's purpose for the Law of Attraction
